

Project C.O.L.E. Kit Industries of Maine Grades 3 & 4

Washburn Elementary &
Eva Hoyt Zippel Schools
August, 2006

This kit introduces the industries of Maine in a unique and interesting way. Students will not only learn about the evolution of Maine's economy through the use of natural resources, they will also be able to use their Language Arts skills to express their knowledge. Through the use of haiku poetry, students will be able to show the information they have learned in creative and personal ways. Students will also be assessed on their knowledge through art projects and creative writings. This kit allows students to enjoy history through personal connections.

All Project C.O.L.E. Kits are designed to work in conjunction with the Maine Learning Results and your classroom(s) visit to the Cole Land Transportation Museum. They are offered free of charge to participating schools. If you would like to receive a sample of this kit, contact us at: Cole Land Transportation Museum, 405 Perry Road, Bangor, ME 04401, Phone: 207-990-3600 (ext 13).
