

# Project C.O.L.E. Kit Maine History Grades 4 & 5

Bangor Christian School  
August, 2006

Maine: "The Way Life Should Be" - how many times have educators heard this term? How many times have we really thought about its meaning? Maine is a beautiful and unique state with an incredible history. Life in Maine is only as it "should be" because of its diverse and colorful history. This kit takes your students on a fun filled journey through Maine's history with a focus on wildlife, lumbering, potato harvesting and much much more. Students will enjoy hands on activities with wood chips, timelines and wildlife games. This kit helps students learn about many aspects of Maine, "the way learning should be."

All Project C.O.L.E. Kits are designed to work in conjunction with the Maine Learning Results and your classroom(s) visit to the Cole Land Transportation Museum. They are offered free of charge to participating schools.
