

Project C.O.L.E. Kit Inventions (Middle School)

Reeds Brook Middle School
April, 2005

The Project COLE (Collection of Learning Enrichments) team from Reeds Brook Middle School has developed an Invention Unit for Middle School Educators (6-8). The complete kit comes in a three ring binder with a Table of Contents and includes: Teacher Information, Lesson Plans, Invention Books, Assessments aligned with the Maine State Learning Results and much more.

This Project COLE Unit outlines the Invention Project Time Line beginning with the student's submitting their invention and includes detailed information on what is required for the final invention project.

Information is also included on participation in the Maine Middle School Science Fair held in the Spring.

All Project C.O.L.E. Kits are designed to work in conjunction with your classroom visit to the Cole Land Transportation Museum and are offered free of charge to participating schools. If you would like to receive a sample of this kit, contact us at: Cole Land Transportation Museum, 405 Perry Road, Bangor, ME 04401, Phone: 207-990-3600 (ext.13).

Visit our website at www.colemuseum.org/other_programs.cfm for more information.
