

Project C.O.L.E. Kit World War II Postage Stamp Kit Middle School

Vickery School
July, 2006

Children have been exposed to, and learned about, World War II in many different ways. Still, no matter how it has been taught, until now it has always included reading, media or pictures. Project C.O.L.E.'s World War II Postage Stamp Kit opens up a whole new way of learning. Students will learn to "hinge" stamps, design stamps and interpret stamps. History will come alive on the pages of a Stamp Album. Stamps will take on reality when students visit the Cole Land Transportation Museum and connect artifacts to their albums. Then - this remarkable piece of history will be remembered for years to come.

All Project C.O.L.E. Kits are designed to work in conjunction with the Maine Learning Results and your classroom(s) visit to the Cole Land Transportation Museum. They are offered free of charge to participating schools. If you would like to receive a sample of this kit, contact us at: Cole Land Transportation Museum, 405 Perry Road, Bangor, ME 04401, Phone: 207-990-3600 (ext.13).
